City Affairs.

-The joint special Committee of Councils to select a site for a House of Correction made an official visit yesterday to the property offered to the city for that purpose by Mr. R. J. 1 obbins. It was formerly known as the Kershaw Model Farm, and is situated on the Penrose Ferry road or Island road, a short distance be-yond the Penrose Ferry bridge, some four or includes 250 acres of pasturage and arable land. and has a frontage of about one mile on the Schuylkill and back channel of the Delaware river. It adjoins the United States Government property, on which is erected Fort Mittlin, and is within three-quarters of a mile of the proposed League Island Navy Yard. The situation is quite accessible by a number of routes. The grounds and improvements were thoroughly examined by the committee, who seemed to be satisfied with their availability for the proposed

-The City Ice Boat was launched yesterday afternoon from Cramp & Son's ship-yard, Ken sington, in the presence of a large number of persons. The boat will be 190 feet long, with 30 feet beam. Foreign Affairs.

LONDON, Nov. 18.—The Morning Herald of to-day :ays:-"Whatever sentence the Ministry may meet herealter, the verdict was not against them yesterday. On the contrary, the party now in power has been able to command the Government for two years, though in a minority, and it is now less in a minority than before." The Conservative gains more than counter-

balance the losses. Loudon city, which is entitled to four mem-London city, which is entitled to four members of Parliament, has so far elected three out of four Liberal candidates. Richard Bagaliary (Conservative) is defeated in Hereford. Later returns show that Edmund Beales (Liberal candidate for Tower Hamlets) is defeated.

London, Nov. 18.—W. H. Russell, D. D., "Bull Run Russell," Liberal, is defeated in Chelsen, T. M. Gibson, Liberal, is defeated in

Ashtor-under Lyne. Lord Stabley is elected from I ynn Regis. Chelsea returns two Libe-rals, Sir H. Hosre and H. Dilke. Southampton returns two Conservatives, Russell Guernsey and P. M. Hoare. Dublin University returns two Conservatives,
Liverpool of cied Mr. Graves and Lord Sau-

don, both Conservatives, and one Liberal cac-dionic. Ed. Pleidell Bouverie, Libera, is elected from Kilmarnock. It is understood that if Mr.

Gladstone is elected from Southwest Lancashire the Liberals will run John S. Mill in Greenwich, where he will be elected.

Lordon, Nov. 18—Midnight,—Returns received up to this hour show that the Liberals have elected 238 members, gaining 60 seats, and the Conservatives have elected 125, with a gain of 30. Sir Daniel Goodb, Conservative is re-turned from Cricklade. Dublin re-elects the men bers of the last House,
London, Nov. 18.—The Times of this morning,
in a long editorial article on the elections,

claims that the Liberal majority thus far is 120. The new voters adhere to the trachings of the Constitution, but not as read by Disraell. They bave agreed to redress all wrongs, and to reject change for the simple sake of change. The result of the elections thus far justify the retorm act, as an improvement in legislative machinery, and discredit the prediction that it would enthrope the mob, and encourage the dreams of

the wild democracy.
St. Petersburg, Nov. 18.—The river Nevas is frozen over, and many vessels are detained. LONDON, Nov. 18.—Despatches from Bombay state that the war in Northern India has ended. Panis, Nov. 18 .- Letters from Madrid report that great agitation prevails throughout Spain. Paris, Nov. 18 .- The Moniteur says that despatches received from all parts of Spain aunonnce entire tranquillity.

FROM WASHINGTON.

Resignation Accepted. WASHINGTON, Nov. 18 .- S. M. Clark, Chief of the Printing Division of the [Treasury Department, who has been on leave of absence for three months, has tendered his resignation to the Secretary, and it has been accepted.

The Joint Committee on Retrenchment, of which Sepator Edmunds is Chairman, has re sumed its sittings here, and will at once commence an investigation of the affairs of Clark's Bureau, which, it is said, are not in the best condition. While Mr. Ctark remained at the head of the Bureau the committee refused to investigate, because they could not do so without his interference. This had, no doubt, something to do with his resignation. Some rich developments are expected through the labors
